

**MAKING DO - Art from Found Objects**

## **Making Do – Art from Found Objects**

Artists have always been inventive when it comes to the materials they make their art from, anything from scrap cardboard to the plastic detritus of our contemporary age. In this wonderful space check out the items from the M G Dingle & G B Hughes collection as well as art works by over twenty local artists all made from found objects, ranging from a pizza box to piano parts. Then make and hang your own creation in the gallery. Join the fun of using found materials to make your own art work at this great exhibition and activity space. There will also be regular artist talks, demonstrations and workshops.
